Rationale

- Categories of bullying include direct physical bullying (hitting, kicking, pinching, pushing or damaging property), direct verbal bullying (name calling, insults, teasing, intimidation, racist remarks or verbal abuse), indirect verbal bullying (lying or spreading rumours, playing nasty jokes, mimicking or encouraging others to socially exclude someone) and cyberbullying (direct verbal or indirect bullying behaviours using digital technologies including harassment using a mobile phone, setting up a defamatory website or deliberately excluding someone from social spaces).
- Many distressing behaviours are not examples of bullying even though they are unpleasant and often require teacher intervention and management.
- Mutual conflict involves an argument or disagreement between people but not an imbalance of power. Both parties are upset and usually both want a resolution. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.
- Social rejection or dislike is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.
- Single-episode acts of nastiness or physical aggression are not the same as bullying. If someone is verbally abused or pushed on one occasion they are not being bullied. Nastiness or physical aggression that is directed towards many different people is not the same as bullying. However, this does not mean that single episodes should be ignored or condoned as these are unacceptable behaviours.

Purpose

- To create a safe and respectful school environment and prevent bullying, cyber bullying and other unacceptable behaviours.
- To ensure Seaholme Primary School complies with DET policy and guidelines.

Definitions

Bullying is when someone, or a group of people, deliberately upsets or hurts another person or damages their property, reputation or social acceptance on more than one occasion. There is an imbalance of power in incidents of bullying with the bully or bullies having more power at the time due to age, size, status or other reasons.

Cyberbullying is direct verbal or indirect bullying behaviours using digital technologies. This includes harassment via a mobile phone, setting up a defamatory personal website or deliberately excluding someone from social networking spaces.

Homophobic Bullying on the basis of sexuality is a common experience for young people who are same sex attracted or for those who may not behave according to gender stereotypes.
